Construction Engineer

ENTRY-LEVEL

POSITION DESCRIPTION

Maurer-Stutz, Inc. is seeking a construction engineer to join our existing team in Peoria, Illinois. This position will be responsible for observation and documentation on various transportation, municipal, and private projects. Candidates will be working with clients and contractors to solve problems while verifying the project plans and specification are being met. Field work can be expected during the construction season. Candidates should be able to work well independently, have the desire to learn new skills, and demonstrate technical, analytical, and communication capabilities.

EXAMPLES OF RECENT CONSTRUCTION PROJECTS:

- Construction Engineering services for a Federally funded Major Bridge Program. The project included the construction of a new single span steel girder bridge on 16" diameter metal shell piles with MSE retaining walls. The new bridge included concrete pavement, dedicated bicycle lane, lighting, and green drainage improvements.
- Construction Engineering services for 0.75 miles of urban roadway reconstruction. Improvements included storm sewer, box culverts, lighting, traffic signals, sidewalk, pervious brick pavers, and HMA pavement.
- Construction Resident Engineering services for a project consisting of a 2-mile bike trail mainly through a park with multiple roadway crossing. 7 acres of trees were removed to make room for the 8' wide bike trail. Two pedestrian bridges over 100' each were constructed over a creek to complete the hot-mix asphalt trail.

CONSTRUCTION ENGINEER RESPONSIBILITIES:

- Perform or supervise material testing
- Measure lengths, areas, and volumes of quantities for documentation
- Communicate with contractors, clients, and the public regarding project information
- Locate, evaluate, and solve problems in the field
- Use survey equipment to verify construction layout

BASE REQUIREMENTS:

- Bachelor's Degree in Civil Engineering, Construction Engineering, General Engineering, or related field from an ABET Accredited College or University with the desire to learn.
- Attention to detail and good problem-solving skills
- Good written and verbal communication
- Good interpersonal skills
- Experience with Microsoft Office

WHY JOIN MAURER-STUTZ?

At Maurer-Stutz, Inc., we offer the best of both worlds—the expertise and impact of a top-tier engineering firm with the agility and close-knit culture of a small business. Our mission, *Working with you by design*, drives everything we do, from building strong client relationships to delivering high-quality solutions with integrity and collaboration at the core.

When you join our team, you're not just another employee—you're a valued contributor with direct opportunities to make an impact. As a small engineering firm, we provide early exposure to client interactions, project management, and leadership opportunities that larger firms often reserve for later in your career.

We value:

- Integrity – Doing what's right, always.
- Collaboration – Working together to create the best solutions.
- Quality – Setting the bar high in everything we do.
- Mentorship – Supporting your growth through hands-on learning and guidance.
