Municipal Civil Engineer

ENTRY-LEVEL

POSITION DESCRIPTION

Maurer-Stutz, Inc. is seeking a graduate with a Bachelor of Science degree in engineering for an entry-level Civil Engineer position on our municipal services teams. The role supports water/wastewater, site civil, and limited transportation work for municipalities, sanitary districts, townships, and related public clients. Field work and construction observation will be part of the assignment.

The ideal applicant has or will have a Bachelor of Science in Civil Engineering or a related ABET-accredited field and an interest in municipal engineering. Primary activities include assisting with planning and design of water mains, sewers, pump stations, site grading and drainage, and limited street improvements; preparing calculations and plan sheets; supporting permitting; and assisting with construction-phase observation.

EXAMPLES OF RECENT MUNICIPAL PROJECTS:

- Planning and design support for municipal water main, gravity sewer, and force main projects, including plan-and-profile development, permitting assistance, and utility coordination.
- Design and construction-phase support for urban street and utility improvements, including pavement, curb and gutter, storm sewer, water main, sanitary sewer, sidewalks, and ADA ramps, with periodic field observation.
- Site civil, drainage, pump station, and wastewater treatment plant improvement projects, including calculations, details, exhibits, and assistance with construction observation and record drawings.

MUNICIPAL CIVIL ENGINEER RESPONSIBILITIES:

- Assist with planning and design of water, wastewater, site civil, and limited municipal street projects.
- Prepare calculations, typical sections, plan-and-profile sheets, details, and quantity estimates under the guidance of design engineering staff.
- Assist with permitting and agency coordination for municipal utility and site projects.
- Assist with construction observation, field measurements, and record drawings on assigned municipal projects.
- Work with water/wastewater, civil, and transportation staff, and communicate design intent to supervisors and project managers.

BASE REQUIREMENTS:

- Bachelor's Degree in Civil Engineering or a related field from an ABET-accredited college or university. EIT or ability to obtain is preferred.
- Interest in municipal engineering, including water/wastewater, site design, and local street and utility work.
- Desire to work with municipal clients and to perform field work and construction observation as assigned.

DESIRED QUALIFICATIONS:

- Coursework or internship experience in water resources, wastewater, site civil, or transportation.
- Attention to detail and good problem-solving skills
- Good written and verbal communication, interpersonal skills with strong time management and organizational skills.
- Competent use of Microsoft Office products.
- Experience with AutoCAD Civil 3D or similar drafting software.

WHY JOIN MAURER-STUTZ?

At Maurer-Stutz, Inc., we offer the best of both worlds—the expertise and impact of a top-tier engineering firm with the agility and close-knit culture of a small business. Our mission, *Working with you by design*, drives everything we do, from building strong client relationships to delivering high-quality solutions with integrity and collaboration at the core.

When you join our team, you're not just another employee—you're a valued contributor with direct opportunities to make an impact. As a small engineering firm, we provide early exposure to client interactions, project management, and leadership opportunities that larger firms often reserve for later in your career.

We value:

- Integrity – Doing what's right, always.
- Collaboration – Working together to create the best solutions.
- Quality – Setting the bar high in everything we do.
- Mentorship – Supporting your growth through hands-on learning and guidance.

If you're looking for a place where your work is meaningful, your growth is prioritized, and your contributions shape both projects and the company's future—Maurer-Stutz is the place for you. Join us and grow with a team that truly values your potential.

WHAT WE OFFER:

Competitive Compensation: Our annual salary range for this position is $65,000-$85,000, along with eligibility for an annual discretionary bonus. Relocation packages are available for qualified candidates.

GENEROUS BENEFITS:

- Performance Bonuses
- Regular Lunch and Learns and Professional Development Sessions
- Retirement Plan
- Group Health Insurance
- Life Insurance
- Disability Insurance
- Equal Employment Opportunity
- Work-Life Balance Initiatives
