Municipal Civil Engineer

PROFESSIONAL ENGINEER

POSITION DESCRIPTION

Maurer-Stutz, Inc. is seeking a licensed Professional Engineer for a Civil Engineer position focused on site design, stormwater, and municipal utility services. The role supports municipalities, sanitary districts, townships, and related public and private clients. Field work and construction-phase services will be part of the assignment.

The ideal applicant is a licensed Professional Engineer with design experience in site civil, stormwater, and municipal utilities. Primary activities include leading planning and design of grading, drainage, stormwater management, water main, and sanitary sewer systems; preparing calculations, plans, and specifications; managing permitting; and providing construction-phase support.

EXAMPLES OF RECENT MUNICIPAL PROJECTS:

- Design of municipal water main, gravity sewer, and force main systems, including plan-and-profile development, hydraulic calculations, permitting, and utility coordination.
- Site design and stormwater management for municipal and private development, including grading, detention/retention, storm sewer, and erosion-control plans, plus construction-phase observation.
- Municipal utility and drainage improvement projects, including pump stations, collection systems, site civil, permitting, and record drawings.

MUNICIPAL CIVIL ENGINEER RESPONSIBILITIES:

- Lead planning and design of site civil, stormwater, and municipal utility projects.
- Prepare and stamp, or coordinate stamping of, calculations, plans, specifications, and quantity estimates for site, stormwater, and utility work.
- Manage permitting and agency coordination for site, stormwater, and municipal utility projects.
- Provide construction-phase services, including observation, field decisions, and record drawings.
- Work with municipal clients and internal design and technician staff; direct assigned CAD and field support.

BASE REQUIREMENTS:

- Bachelor's Degree in Civil Engineering or a related field from an ABET-accredited college or university, and current Professional Engineer licensure.
- Minimum of four (4) years of professional design experience in site civil, stormwater, and/or municipal utility projects.
- Ability to manage assigned projects and to perform field work and construction-phase services as needed.

DESIRED QUALIFICATIONS:

- Experience with municipal stormwater ordinances, IEPA permitting, and utility design standards.
- Attention to detail and good problem-solving skills
- Good written and verbal communication, interpersonal skills with strong time management and organizational skills.
- Competent use of Microsoft Office products.
- Experience with AutoCAD Civil 3D or similar drafting software.

Municipal Civil Engineer

PROFESSIONAL ENGINEER

WHY JOIN MAURER-STUTZ?

At Maurer-Stutz, Inc., we offer the best of both worlds—the expertise and impact of a top-tier engineering firm with the agility and close-knit culture of a small business. Our mission, *Working with you by design*, drives everything we do, from building strong client relationships to delivering high-quality solutions with integrity and collaboration at the core.

When you join our team, you're not just another employee—you're a valued contributor with direct opportunities to make an impact. As a small engineering firm, we provide early exposure to client interactions, project management, and leadership opportunities that larger firms often reserve for later in your career.

We value:

- Integrity – Doing what's right, always.
- Collaboration – Working together to create the best solutions.
- Quality – Setting the bar high in everything we do.
- Mentorship – Supporting your growth through hands-on learning and guidance.

If you're looking for a place where your work is meaningful, your growth is prioritized, and your contributions shape both projects and the company's future—Maurer-Stutz is the place for you. Join us and grow with a team that truly values your potential.

WHAT WE OFFER:

Competitive Compensation: Our annual salary range for this position is $80,000-$115,000, along with eligibility for an annual discretionary bonus. Relocation packages are available for qualified candidates.

GENEROUS BENEFITS:

- Performance Bonuses
- Regular Lunch and Learns and Professional Development Sessions
- Retirement Plan
- Group Health Insurance
- Life Insurance
- Disability Insurance
- Equal Employment Opportunity
- Work-Life Balance Initiatives
