

CIVIL SERVICE OVERVIEW

WHAT WE DELIVER

MSI's civil group handles a wide array of projects, from parks to industrial facilities, with expertise in planning, design, and implementation, focusing on efficiency, safety, and community enhancement. We listen to our clients' needs and take pride in helping them achieve their dreams, whether it's an office building, residential subdivision, or retail development.

Maurer-Stutz, Inc. offers comprehensive site development services, including surveys and design with advanced technology. From planning through construction, we provide a single source of professional expertise. Our knowledge of zoning and permitting, coupled with strong relationships with regulatory agencies, ensures smooth project progression for our clients.
